Seeing Green: Now More Value For Your Members!

Last spring, when we asked if you thought your members would be interested in "GREEN" environmentally-friendly benefits, the answer came back a resounding YES!!! We heard from many of you about the Green initiatives being undertaken at your stations and how well received they are by members and staff alike.

In order to make Green benefits available for your members as quickly as possible, **we've recruited a number of online Green merchants which are already included in your MemberCard listings at membercard.com.** We plan to recruit more online Green merchants as well as local Green retailers in your community. Look for more on this in coming months.

Easy to pitch on-air and promote online, these new online benefits offer percentage discounts on Green items ranging from organic baby clothes and Green cleaning products to organic food and eco totes. **Discounts are easily redeemed by accessing the sites through your station's MemberCard.com web-page. For online ordering please visit your station's web-page at MemberCard.com and select "merchants" under "benefit type" to find specific offer and ordering information.**

New Green Online Merchants:

AllGreenThings.com

Unlimited 15% discount on all purchases, some exclusions may apply
